LEADER OF THE OFFICIAL OPPOSITION / CHEF DE L'OPPOSITION OFFICIELLE

October 17th, 2018

Conservative Premiers and Opposition Leaders in all Canadian provinces;
Sirs(Madames),

Today marks a BLACK DAY in the history of Canada. Our present Prime Minister, the notorious GLOBALIST and arch-NEOLIBERALIST Justin Trudeau has legalized the sale and consumption of marijuana.

I need not remind you of the seriousness of this event, but here goes, anyways. For long years, we have been the beneficiaries of illegal marijuana. Because the supply and control of this substance was held by the RCMP and urban police forces , and a large portion of the monies derived through the trafficking of this substance was laundered through donations to the Conservative Party of Canada, we are now left without a substantial revenue stream.

Moreover, the riff-raff we used to deal marijuana - the ne'er-do-well members of police families and others willing to be our stooges, will now be expected to find legitimate work like the rest of Canadians, Canadians who by and large are honest, hard-working folks who have no idea that we are spying on them while selling them this harmless herb.

Because of this, Canada's standing as a de facto (but hidden) police state is in serious jeopardy. To that end, I have instructed our Conservative premiers to grant licences to sell legal weed through crooked lotteries - that way we will keep control over marijuana. Some provinces may have to sell marijuana only on-line until a crooked lottery can be set up. That way, we will maintain our knowledge of who is using this stuff. And our control will remain intact.

Trudeau said that he legalized marijuana because he wanted "the police to *fight* organized crime, not *be* organized crime." We Conservatives will NEVER let that happen. We Conservatives must fight this until the day comes when we are the government in Ottawa again, then we will re-criminalize marijuana use and restore our perfect control over it.

Sincerely,

Hon. Andrew Scheer
Leader of the Official Opposition

HOUSE OF COMMONS
CHAMBRE DES COMMUNES
OTTAWA, CANADA

April 31, 2019

Dear Citizens of Canada,

As you probably know by now, the Prime Minister of Canada, Mr. Justin Trudeau has threatened both Opposition party leaders with *grievous* bodily harm.

Specifically, according to Mr. Trudeau's own hacked brain engrams, he said that he wants to "*smash Andrew Scheer's balls with a polo mallet*" that he received as a "Christmas present from the Agha Khan." Moreover, these same hacked brainwave readings from the Prime Minister reveal that he desires to "*strangle Jagmeet Singh with his own turban*."

Not only are such thoughts egregious in their language, which is totally and completely unparliamentary, but also in their imagery and intent, which prove that Mr. Trudeau is indeed at heart what we call "a bleeding heart" Liberal - with the priviso that it is *his* heart, but *our* blood. We both agree to find this extremely disturbing.

In fact, we have agreed to request that the House of Commons Sargeant-at-Arms, the Honourable George Eton David Horrucks-Piffleworth III provide us with an extra security detachment whenever we are to be within 500 metres of the Prime Minister. Further, we are requesting that the costs associated with the extra security be bourne by the PMO itself and not be deducted from our own Parliamentary office budgets.

In closing, we assure Canadians that we will not be intimidated by such violent thinking, and furthermore, will be seeking the Prime Minister's resignation on a daily basis until the next election.

our deepest and warmest regards

“In order to fully restore our police monopoly of marijuana, I will re-criminalize the stuff when I become Prime Minister later this year. Until then, I have instructed all Conservative premiers to delay the rollout of legal weed and to set up "lotteries" that will ensure only our people get licences to sell the legalized marijuana. I will make the return of the marijuana monopoly to the police my top priority.

"It's the wrong conversation to be having. We should be talking about how we maintained our police's monopoly over marijuana in this hillbilly province. Our solution in Saskatchewan was relatively simple - we held a series of dummy lotteries that had *only* the names of people we wanted to be able to sell legally, and presto ! the police monopoly over marijuana remained intact . And our police stooges who sell on the black market are able to continue their roles as police informants who divulge details about their customers to our police intelligence units - just like the Stasi in communist East Germany ."
